WASHINCTON, June 24th.—Chairman Henderson and members of the committee charged by the National Republican Convention with the duty of formally notifying the candidates for President and Vice-President of their nomination, met at noon to-day and proceeded to the residence of General Logan, where they were ushered into the parlors. The General stood in the middle of the room, with Mrs Logan on his right hand, and was introduced to the members of the committee by the Chairman. When this ceremony was performed, the company arranged themselves in a circle around the room to hear the address. Chairman Henderson then read the formal notification nominating Senator Logan as Vice-President, to which the General replied as follows: For years, and given up by physicians, o Bright's and other kidney diseases, liver complaints, severe coughs, called consump-Women gone nearly crazy!!!!! In the fifth race, for all ages, three-quarters of a mile, the starters were Tattoo, P. D. Q., Labelle N., Priday, Egeria, Adventurer and Troubler. The favorite was Tattoo. Belle won by a length, after a close race, P. D. Q. second, Adventurer third. Time, 1:17½. The sixth race was extra for all ages, three-quarters of a mile. The starters were Springer, Afleen, Tennyson, Niphon, Sadie McNairy, Vascilator and Disturbance. The favorite was Sadie McNairy. It was a hot race between her and Niphon, but the latter won by a hand length, Aileen third. Time, 1:16. The mutuals paid \$79.

Unmarketable Oregon Salmon. New York, June 24th.—A carload of Columbia iver salmon was condemned by the health authorities yesterday. A Bulletin reporter called river salmon was condemned by the health authorities yesterday. A Bulletin reporter called on Fish Commissioner Blackford this morning, to whom the fish were consigned, and asked him what the loss would be. "Not one cent to me," he replied, "but the Northern Pacific Railroad shipped to me from Oregon. The first load came through in splendid condition, the fish looking as if just caught from the water. This last car met with an accident. The refrigerator car was detached at some point in Montana, and the fish all dumped out. They were hurriedly repacked, and when the car reached St. Paul, my agent there examined the salmon, found them putrid, and refused to receive them. The Northern Pacific then ordered the fish forwarded to New York to be sold on their account, but the officers here condemned them, and so they are a dead loss. Another car arrived last night containing if 15,000 pounds of fish. About one-quarter of the load was found to be in merchantable condition. The rest were condemned by the Health Officer this morning. This load came from The Dalles, and was consigned to Gammons & Co., who lose over \$2,000. Their freight charges amounted to just \$1,500.

Wilsey is a young man, well known along the Erie road as a switchman and sport, being a heavy hitter, a good card player and noted as a fine pool-player. He and his companions remained in Deposit all day, drinking and playing cards and pool. Toward night they became pretty drunk. About 11 o'clock Wilsey was sitting in the barroom of the Oquaga House, when Allen McClure, aged about 40 years, entered and dared any man to fight him. Wilsey kept quiet until McClure became demonstrative, when he remarked that he would like to try him a twist if he had a show. His friends promised Wilsey a show, and the

REPUBLICAN STATE CENTRAL COMMITTEE, 1

SAN FRANCISCO, June 23, 1884.

At a meeting of the Republican State Central Committee, held on the above date, it was resolved that a Republican State Convention be called to meet at the city of Sacramento, in the Assembly Chamber of the State Capitol, on Wednesday, July 23, 1884, at 3 o'clock P. M., for the purpose of nominating eight Presidential Electors and eight Alternates, one each from each Congressional district and two each at large, and for such other business as may properly come before the Convention.

The basis of representation to said Convention was made as follows: One delegate at large from each county, one for each 200 votes cast for the Garfield and Arthur Electors, and one for each fraction of 160 votes or over. The Convention will accordingly be composed of 456 delegates, apportioned as follows:

Alameda, 30; Alpine, 2; Amador, 8; Butte, 10; Calaveras, 7; Colusa, 5; Contra Costa, 8; Del Norte, 2; El Dorado, 8; Fresno, 4; Humboldt, 8; Inyo, 3; Kern, 3; Lake, 3; Lassen, 3; Los Angeles, 16; Marin, 5; Mariposa, 3; Mendocino, 6; Merced, 4; Modoc, 3; Mono, 6; Montercy, 7; Napa, 7; Nevada, 12; Placer, 9; Plumas, 3; Sacramento, 20; San Benito, 3; San Bernardino, 5; San Diego, 5; San Francisco, 96; San Joaquín, 14; San Luis Obispo, 5; San Mateo, 5; Santa Barbara, 6; Santa Clara, 17; Santa Cruz, 7; Shasta, 5; Sieach Congressional district and two each at 6; Santa Chara, 17; Santa Cruz, 7; Shasta, 5; Sierra, 6; Siskiyou, 5; Solano, 11; Sonoma, 12; Stanislaus, 6; Sutter, 4; Tehama, 5; Trinity, 3; Delegates to be chosen in such manner as the several County Committees shall direct. Some large growers report it all gone, while others, more hopeful, put a better face on the situation. Your correspond-ent believes the shrinkage from former expectations will be fifty per cent. The late storms did no general damage to the fruit crop. A small strip through Paradena suffered by hail, but the loss is insignificant. Upon the whole, oranges, grapes, peaches, apples, pears and most plums will be abundan, but apricots will be light. The corn outlook is most gratifying.

Napa, June 24th.—The unusual weather of June has greatly changed the prospects we had for one of the most prosperous years known. The season is now so far advanced that a fair estimate can be made of the yield. The hat crop is an absolute loss. There is still some hat standing which is not injured, but the amount is very small. The wheat is laid flat on the ground in many places, but this injury is not segreat as at first thought. The greatest injury that may follow to wheat is the rust, which i likely to appear. The fruit crop has also been njured. Peaches and apricots have lately allen off the trees in great numbers, and hrough some unknown cause the fruit of the teisling variety of grapes has failed to set. Nearly all other varieties of grapes promise to yield well. On the whole, this has been a bac year for farmers and fruit men, but it is ex-bected that much of the loss may be overcome by a corresponding increase in values.

In one or two localities barley was slightly injured, but generally through the county reports are favorable to a large yield of barley and hay. The last rain was of benefit to wheat generally. The fruit, as before stated, is not a full crop. Seedling peaches were caught by the curi-leaf; otherwise the crop is an average one. The insect trouble has abated, and we longer hear of their ravages. The indications are favorable for an immense grape crop, and should we have a warm, dry summer, a bountiful harvest in raisins may be expected.

CONTRA COSTA. MARTINEZ, June 24th .- As the weather is now is a total loss, and it is safe to calculate on at least three-quarters of all the hay raised in this section, San Ramon, Pacheco and Mount Diablo valleys, is a total loss, The only apparent loss to grain is the extra expense of gathering. Rust appears in a few sections, but as the grain is so far advanced it will not be injured. The far-

he hay crop was cut properly stacked. The damage was done. The loss will be slight. The only other damage done will be the starting up of weeds in the hop yards, which had been thoroughly cultivated and nearly all laid by. A too rank growth of the vines may also follow, which, however, will only result in the increased difficulty of gathering. All of the hops are in a fresh green state, owing to their overlaying on the strings. The grain and fruit crops, if not benefited, have not been injured. It is not thought the wild feed will be shortened a great deal. Everything considered, Mendocino county has a fine outlook. The grain crop will be simply enormous. The same can be said of truit. The hop-growers have already been offered 2 reents a pound for their hops, but only a few have taken it. The vines are in a fine condition.

While the lodged condition of the grain will impose a heavier expense on gathering it, yet with future clear weather there is but little doubt but we will have an abundant grain harvest. An unusually large crop of hay has been cut, but scarcely a ton of it was cured in good condition. Apples, grain promised to be prior to the rains. In the southwestern portion of the county, about Paskenta and Newville, the crop of grain will suffer a loss averaging 25 per cent. The kenta and Newville, the crop of grain will suffer a loss averaging 35 per cent. The hay crop is badly damaged, in some places the loss running up as high as 80 per cent. Previous to the rains hay was offered at \$5 and \$6. Now it is held for high prices, the farmers in some instances cutting good grain for hay. What remains of the grain crop is very heavy, and in prime condition. The late rains did no material damage, and the farmers are now heading lively.

We have known others to be cured of palpitation of the heart. To this we may addithat we received of Dr. Henley, of Portland. Oregon, a bottle of "Celery, Beef and Iron." By close analysis we state the preparation called Celery, Beef and Iron is what it is represented to be, absolutely pure, and every one engaged in labor weakening to the nerves should use "Celery, Beef and Iron." We find also according to the formula received, each bottle is composed of Liebig's extract of beef, extract of celery, and pyrophosphate of iron with condensed wine. These combined we pronounce the best known remedy for any disorder of the nerves or neuralgia. The most delicate nerves, even of birds, we give celery, how much better will it subserve the wants of the human family ?—Prf. B. H. Openheigen in Journal of Chemistry.

LAST NIGHT'S CONCERT.-One of the most leasing and undoubtedly the most numerusly attended open-air concert ever held in this city was that given by the First Ar-tillery Band at the Capitol Park last evening. It is estimated by competent judges that fully 5,000 people were in attendance. The grounds were illuminated by three electric lights, which showed off the green sward, shrubbery and flowers to the very best advantage. The air was cool and brac ing, and the long walks and grass-plats furnished most excellent promenade grounds, which fact was fully appreciated and enjoyed. The band for the first time occupied the balcony in front of the Capitol building and immediately over the main

entrance. Opinion was very much divided s to whether the music sounded better from that position than from the stand number of hot air balloons. He was northwest entrance. Many strangers who were in attendance last evening were highly pleased with the entertainment, and loud in their praise of the beauty of the grounds and the excellence of the music. Advice to Mothers.— Mrs. Winslow's SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes "as bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhea, whether arising from teething or other causes. AUTHOR OF 'MR. ISAACS," "DR. CLAUDIUS," AND "TO LEEWARD." 1 vol., 16 mo., \$1 25.

The singer is the protege of a failen noble, and the pupil of a great teacher, with a voice of celestial quality. He sees a German lady of high degree and worships from a distance, obtaining access to her in the guise of an Italian teacher. At length the moment arrives for which he has waited. He makes his debut in "Favorita," and Mr. Crawford's description of the event, the audience and its enthusiasm, the little play behind the scenes, and the recognition of the poor though triumphant artist by the great lady, is one of the most powerfully of all Mr. Crawford's works the most interesting, captivating and masterly is "A Roman Singer."—[The Week (Toronto).

MISCELLANEOUR.

James E. Richardson, Custom House, New Orleans, on oath, says: In 1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried, in vain. I, became a mere wreek. At times could not lift my hauds to my head, could not turn in bed; was in constant pain and looked upon life as a curse. No relief or cure in ten years. In 1880 I heard of the Cuticura Remedies, used them and was perfectly gived.

our county officials, R. E. Bledsoe, District Attorney, had left town, and would probably not return. The cause of this was his having assisted some agent of a San Francisco book house in introducing new school books in place of those at present used, for which it is said he received the small sum of about \$400. This occurred last week (Friday), and was not known until yesterday, when it was made public by one of the Board of Education, who knew of the feet and to whom they had also made the

the fact, and to whom they had also made the offer. Mr. Bledsoe was a young man of promise, and held in the highest esteem by his associates would have been the last man suspected of such an act, for lie was always on the side of justice, and during his term of office few criminals have escaped the penalty of the law. It is hoped he be made to punish those who are the cause of this trouble to the fullest extent of the law. School Text-Book Agent Arrested.
